Are you Risk Ready?

Risk Management Enterprise Risk Management

Insurance

Five Steps of Risk Management Process

You BETTER be ready!

- Disaster preparedness
- Disaster Response
- Communications Plans
- Training & Practice
- Inspections
- Professional Advice

RISK...

Mitigation

Management

ANTICIPATION

The Five Perils:

1. Doing less than is demanded
2. Assuming the Status Quo is OK
3. Being Penny-wise, and Pound-foolish
4. Managing Maintenance fees,
not Facilities & People
5. Assuming D&O will protect you from bad decisions

The Five Questions you MUST ask:

1. What don't we know?
2. What don't we see?
3. What are we not doing?
4. Who don't we hear?
5. What's next? (Succession)
